The hilltop land to stay forever young

NERAL

The hilltop life

You are invited to live in a high rise,
built by nature. The sky is your awning,
the river and waterfalls supply your
water, you watch the six seasons as
serials on the 360 degree 3D screen by
nature, and discover that age can be
counted in reverse. Vikrant Ruby in
Neral, near Karjat is this magic land.
We help you to live here.

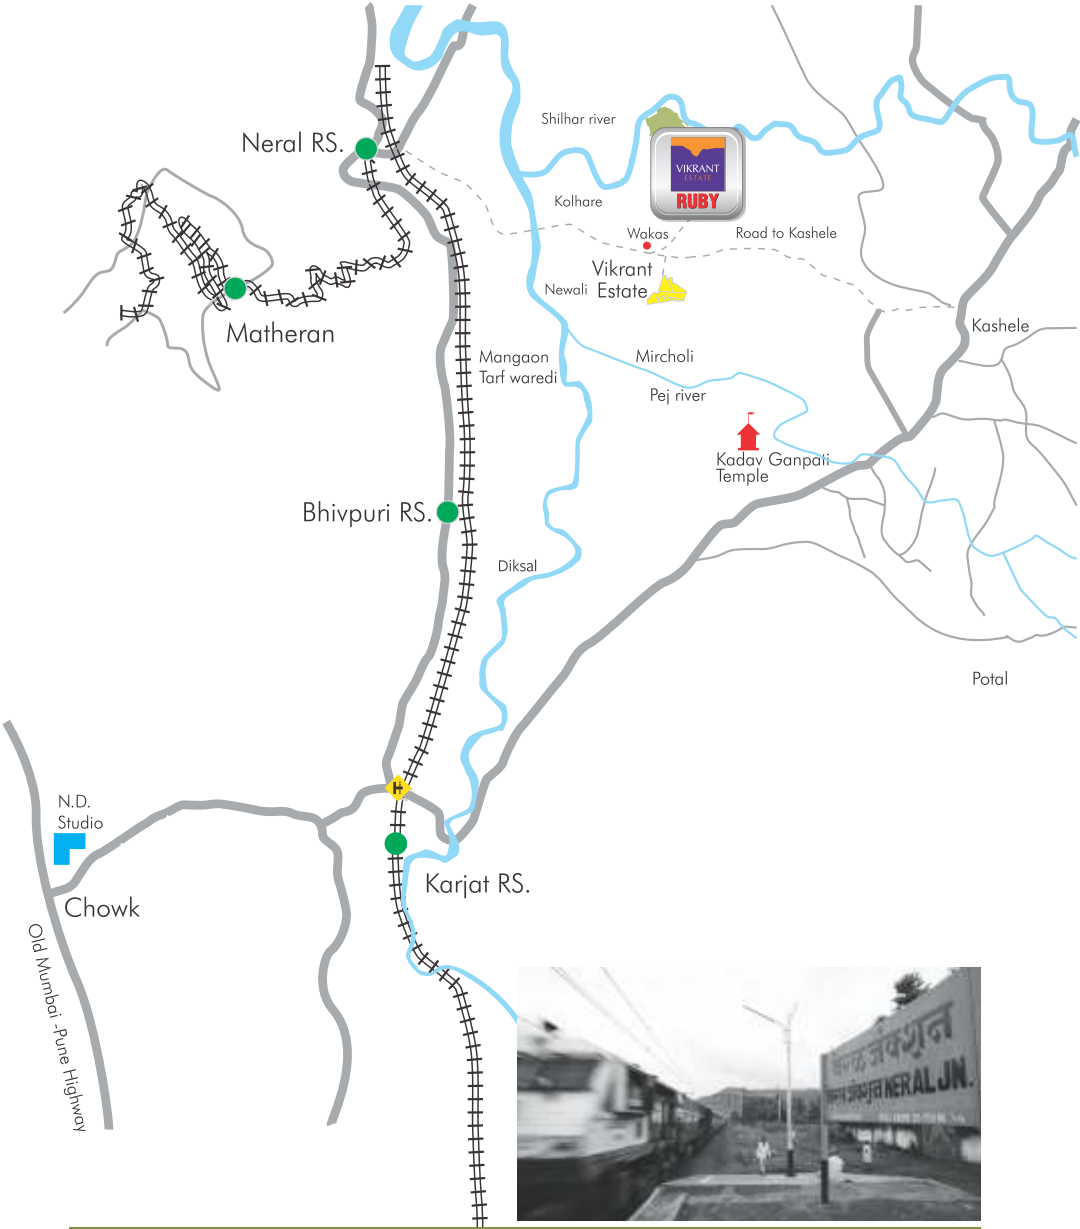

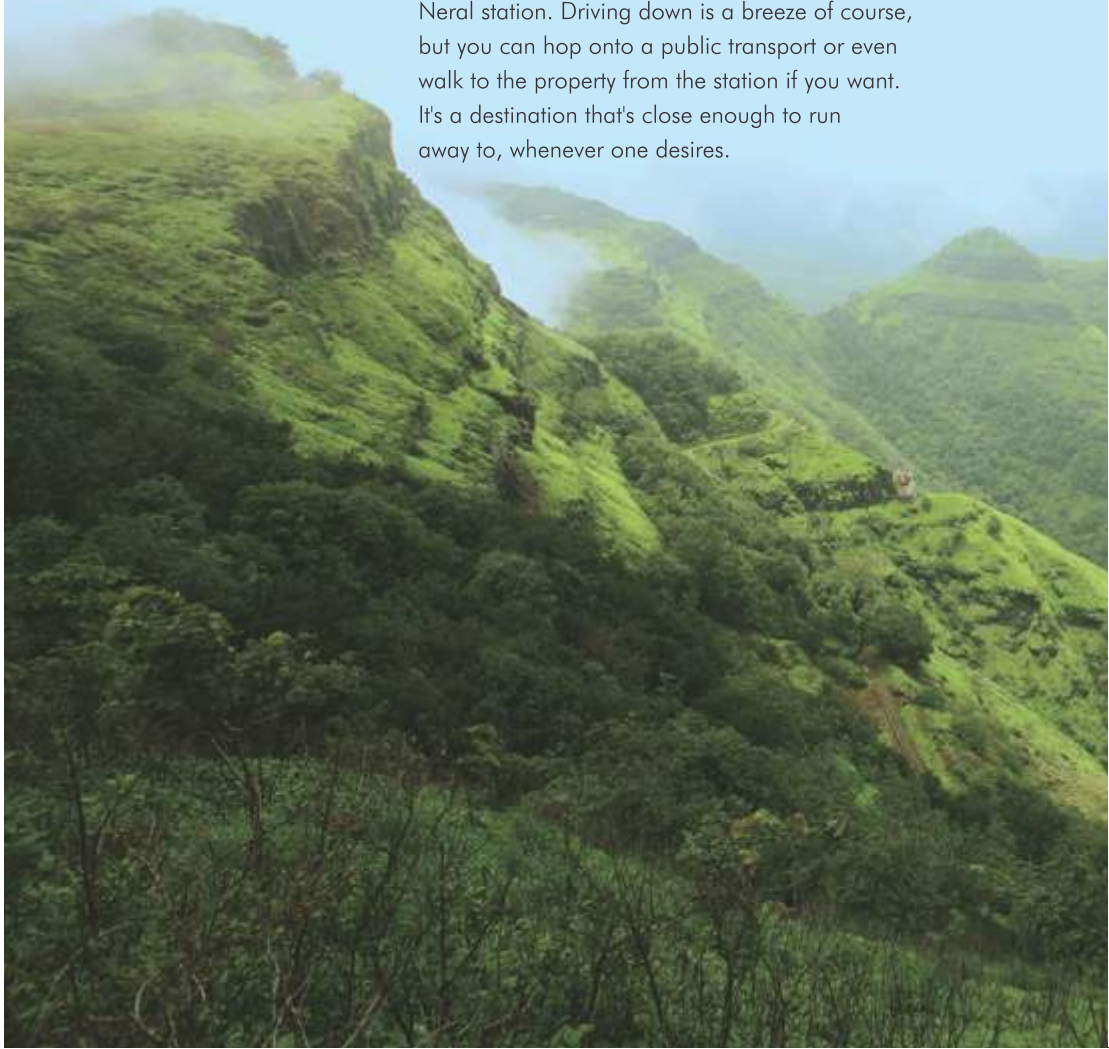

We intend that free residents and the squatters of your land never leave. Neral hills come alive with the music of flowing water, the patter of rains, the swish of the gentle breeze and the glory of bird calls. Reminding us that life is a treat only as a guest on this earth.

The hills
are alive with
the sound
of nature

Meet your neighbours. Matheran, Bhimashankar, Khandala

You can't have better neighbours than these. Silent, majestic, tolerant and magnificent to look at any time of the day. Step out of your home and meet the beautiful hill stations of Maharashtra twinkling in the distance. The narrow-gauge rail line, 21 km long, runs from Neral to Matheran. The nearby major towns of Badlapur and Karjat are easily accessible by road.

Vikrant Estate Ruby is just 6 kms away from the Neral station. Driving down is a breeze of course, but you can hop onto a public transport or even walk to the property from the station if you want. It's a destination that's close enough to run away to, whenever one desires.
